Company Registration

A Private Limited Company is one of the most common business structures in India. Registration is handled through the Ministry of Corporate Affairs (MCA). Directors must obtain a Director Identification Number (DIN) and a Digital Signature Certificate (DSC).

GST Registration

Businesses with turnover exceeding applicable thresholds must register for GST. Registration enables collection of GST and eligibility for input tax credit.

Employment Contracts

Employment agreements should define job responsibilities, salary, working hours, leave policy, confidentiality obligations, intellectual property ownership, and termination clauses.

Intellectual Property

Trademarks protect brand names and logos. Copyright protects original literary, artistic, musical, and software works. Patents protect eligible inventions that are novel, inventive, and industrially applicable.

Data Privacy

Organizations handling personal information should implement appropriate security measures, restrict unauthorized access, and comply with applicable data protection laws.

Frequently Asked Questions

Q: What documents are required for company registration?

A: PAN Card, Aadhaar Card, address proof, passport-size photographs, and registered office proof.

Q: How long does trademark registration usually take?

A: It generally takes several months depending on examination and objections.
